Training For Staff And Volunteers Working In Black, Minority Ethnic And Faith Networks

Bowel Cancer Screening rates across parts of Greater Manchester remain stubbornly low. The evidence tells us that you have a key role in improving this. This short training session has been specifically designed for staff

and volunteers working across BME networks and services. You will find out how to share key messages across your workplace, with clients, friends and family.

Come away with new skills and resources

**Get up-to-date
information
about bowel
screening
and early
presentation
of cancer**

**Learn how
this fits into
your work
and simple
ways you
can make a
difference**
